SUMMARY

Motivated MERN Stack Developer with 1.5+ years of experience building responsive and modern web applications using React, JavaScript, Node.js, and Express. Experienced in developing full-stack applications and currently expanding backend skills with MongoDB and REST APIs. Passionate about building real-world products, scalable web applications, and exploring embedded systems technologies such as Arduino and ESP32. Seeking a Web Development Internship to contribute technical skills and gain industry experience.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, Express.js

Database: MongoDB (Learning)

Programming Languages: Java, C

Tools & Technologies: Git, GitHub, VS Code, REST APIs, Responsive Web Design

Additional Interests: IoT Development, Arduino, ESP32

PROJECTS

Portfolio Website

Developed a personal portfolio website to showcase projects, technical skills, and achievements. Built responsive UI using React and modern CSS and implemented smooth navigation and clean component architecture optimized for desktop and mobile.

Live Demo: https://portfolio-dusky-nine-20.vercel.app/

GitHub: https://github.com/vinaysahu6092004-wq/Portfolio

Gym Website

Designed and developed a modern fitness website with responsive UI. Created visually appealing layouts using React and CSS with reusable components and mobile-friendly design.

Live Demo: https://gym-website-vert-one.vercel.app/

GitHub: https://github.com/vinaysahu6092004-wq/Gym-Website

Coding Interview Platform (Under Development)

Building a Coding Interview Practice Platform to help users practice coding questions and prepare for technical interviews. Developed the frontend using React and deployed it. Backend with Node.js, Express, and MongoDB is currently under development.

Frontend Live Demo: https://interview-coding-platform-frontend.vercel.app/

EDUCATION

B.Tech – Electronics & Telecommunication Engineering
Shri Govindram Seksaria Institute of Technology and Science (SGSITS), Indore
2023 – 2027

Class XII – M.P Board – 82%

Class X – M.P Board – 91.66%

POSITION OF RESPONSIBILITY

Robotics Club Head – SGSITS
Participated in robotics workshops and technical activities. Worked with Arduino and ESP32 microcontrollers and currently exploring ESP-NOW wireless communication technology.

ACHIEVEMENTS

JEE Mains 2023 – 93.64 Percentile

Built multiple real-world web development projects

Active learner in Web Development and Embedded Systems
